Now—flybridge and cockpit cushions that never get wet

**EZ-Dri** *premium* reticulated polyurethane foam cushions provide unprecedented seating comfort, convenience, and value for your trawler or motoryacht. EZ-Dri foam cushions dry quickly after rain, salt spray, morning dew, and washing, and are available

in a broad range of seating comforts—from soft to ultra-firm. **And for below decks**, EZ-Dri foam padding is ideal under mattresses and settee cushions to promote air circulation and speed evaporation, eliminating mold, mildew, and fungus. **Your cushions stay fresh and dry all week!**

Ask your marine fabricator about **EZ-Dri premium cushioning foam**, and learn more at [www.crestfoam.com](http://www.crestfoam.com)
